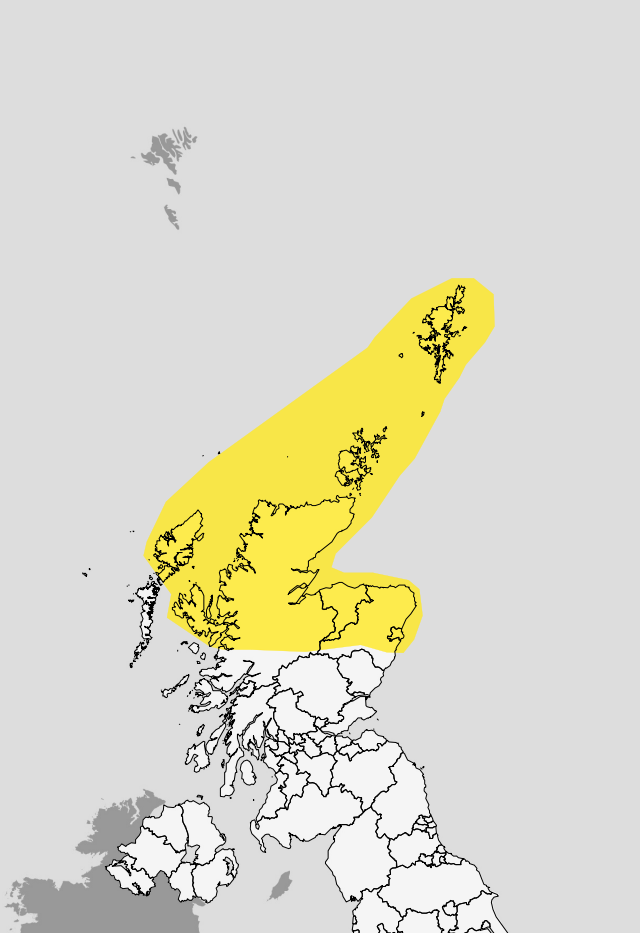
Yellow warning
Snow & Ice

Between
22:00 Tue 29 Mar 2022 and
10:00 Wed 30 Mar 2022



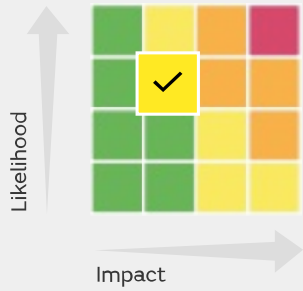
Snow and hail showers will lead to ice forming on untreated surfaces and hazardous driving conditions.

What to expect

- Probably some icy patches on some untreated roads, pavements and cycle paths, leading to an increased likelihood of accidents and injuries
- Some roads and railways are likely to be affected by snow, resulting in longer journey times by car, bus and train

Further details

Wintry showers on Tuesday evening will turn increasingly to snow and hail during the early hours of Wednesday. This will lead to ice forming on untreated surfaces. Snow accumulations of 1-2 cm are likely above 100 metres elevation and 2-5 cm above 200-300 metres. Wintry showers will continue during daylight hours on Wednesday, but additional lying snow will be mostly over higher hills and mountains.



Medium likelihood of low impacts

Issued at 10:17 Tue 29 Mar, 2022
